

TCB PRESENTS: BEING A VIRTUAL ASSISTANT – IS IT RIGHT FOR YOU?

The Virtual Assistant industry is on the rise, and with more companies downsizing or allowing employees to tele-commute, the idea of working virtually is becoming far more common. Tracey will talk about what it means to be a Virtual Assistant, and how to transition from working in a corporate environment to being your own boss. She will share some of her experiences from being her own boss since 1998, and she might just inspire you to pursue this avenue for yourself!
