

## ***What It Takes To Be the Best Assistant***

Our October event held at Georgian College, was both well attended and informative for everyone in attendance. An interactive Panel format was facilitated by Ruthanne Krant in her engaging and entertaining style.

Panel participants representing New Path Youth & Family Services, Catulpa Community Support Services, Royal Victoria Regional Health Centre, and Georgian College provided strategies for:

- dealing with office politics
- seeking out professional development
- maintaining professional relationships
- appropriate work attire
- and of course, what it takes to be the Best Assistant!

The evening was a huge success. Thank you to all who participated.
