Listening, or Waiting to Speak?

There is a difference between listening and waiting to speak. Listening is key! We ask questions and we have conversations, but do we truly “listen” to the answers? Everyone has a story and there is always a message in the story that is important to hear. Show that you are listening by acting on the feedback you receive. Show people you are a listener!

ABOUT THE SPEAKER

Michelle Alcorn is a professional coach and has been leading teams to success for over 25 years across Canada. As an entrepreneur, speaker, skilled leader, coach and trainer, she develops and implements action plans that deliver results.
